

Education

09/2020–12/2023

M.Arch
Certificate in IPD
(Integrated Product Design)

University of Pennsylvania, USA

Developed skills in architectural information **visualization**, complemented by **VR scene design** and **animation**. Enhanced collaborative **CAD and BIM** proficiency. Specialized in **product design** through projects in furniture, home decor, and smart devices.

04/2020–10/2022

M.A. Architecture

Technical University of Munich, Germany

Gained experience in **algorithmic design** for additive manufacturing and on-site robotic fabrication. Developed **UI/UX skills** by prototyping a digital architectural design tool, which **awarded 2nd prize** in the architectural digitalization competition "Auf IT Gebaut".

10/2015–10/2019

B.A. Architecture

Technical University of Munich, Germany

Built solid foundation in **conceptual thinking**, typography, **spatial and visual design** and rationale grounded in design and **usability principles**.

Professional experience

07/2025–Present

Architectural
Designer

Studio Castellano, New York, USA

Supported **commercial and residential renovation** projects, including restaurant and bar fit-outs, hotel lobby upgrades, and mid-rise residential buildings in New York, with responsibilities spanning **DD and CD**, field verification during demolition, coordination with structural, MEP, and code consultants, and NYC DOB **permit applications** (Alt-1 and Alt-2).

11/2024–4/2025

Architectural
Designer

INC Architecture & Design, New York, USA

Worked on **hospitality projects** across **all phases**, contributing to design research and internal coordination—from building ecology to interior finish selection—while supporting **Revit modeling**, **Enscape visualization**, and drawing set preparation for submittals.

02/2024–10/2024

Architectural Project
Management Internship

Yiddishland NGO, USA

Provided scheduling and **administrative support** for programs, including site selection and venue coordination for the Yiddish Museum, while supporting **Rhino modeling**, **Lumion visualization**, and InDesign presentation production for internal and partner review.

05/2021–08/2021

Architectural
Internship

Allmann Sattler Wappner, Munich, Germany

Supported the Bremen **residential complex** project from **DD to CD**, gaining exposure to Revit BIM workflows, external consultant coordination, **facade studies**, and tile material selection.

10/2019–04/2020

Architectural
Internship

Meili, Peter Architekten, Munich, Germany

Supported a 7-story **senior affordable housing** project in Nuernberg at the **CD** stage, producing construction drawings in **Archicad**, conducting material studies, creating interior renderings in Lumion, and assembling a **physical model**.
